Day For Life 2007

The Church has a consistent and clear message on the sacredness of human life. Day for Life is our annual celebration of this message. ' Its primary purpose is to foster in individual consciences, in families, in the Church and in civil society a recognition of the meaning and value of human life at every stage and in every condition.'

The Church believes that every life has been created by God in his own image and likeness and that all life is sacred from the moment of conception to the point of natural death. The Church opposes abortion because it is the taking of an innocent human life.

Please take a copy of leaflet, 'Day for Life 2007'
